FIGURES

Question 1(c): sample cluster data

Question 2(d): training data and decision boundary
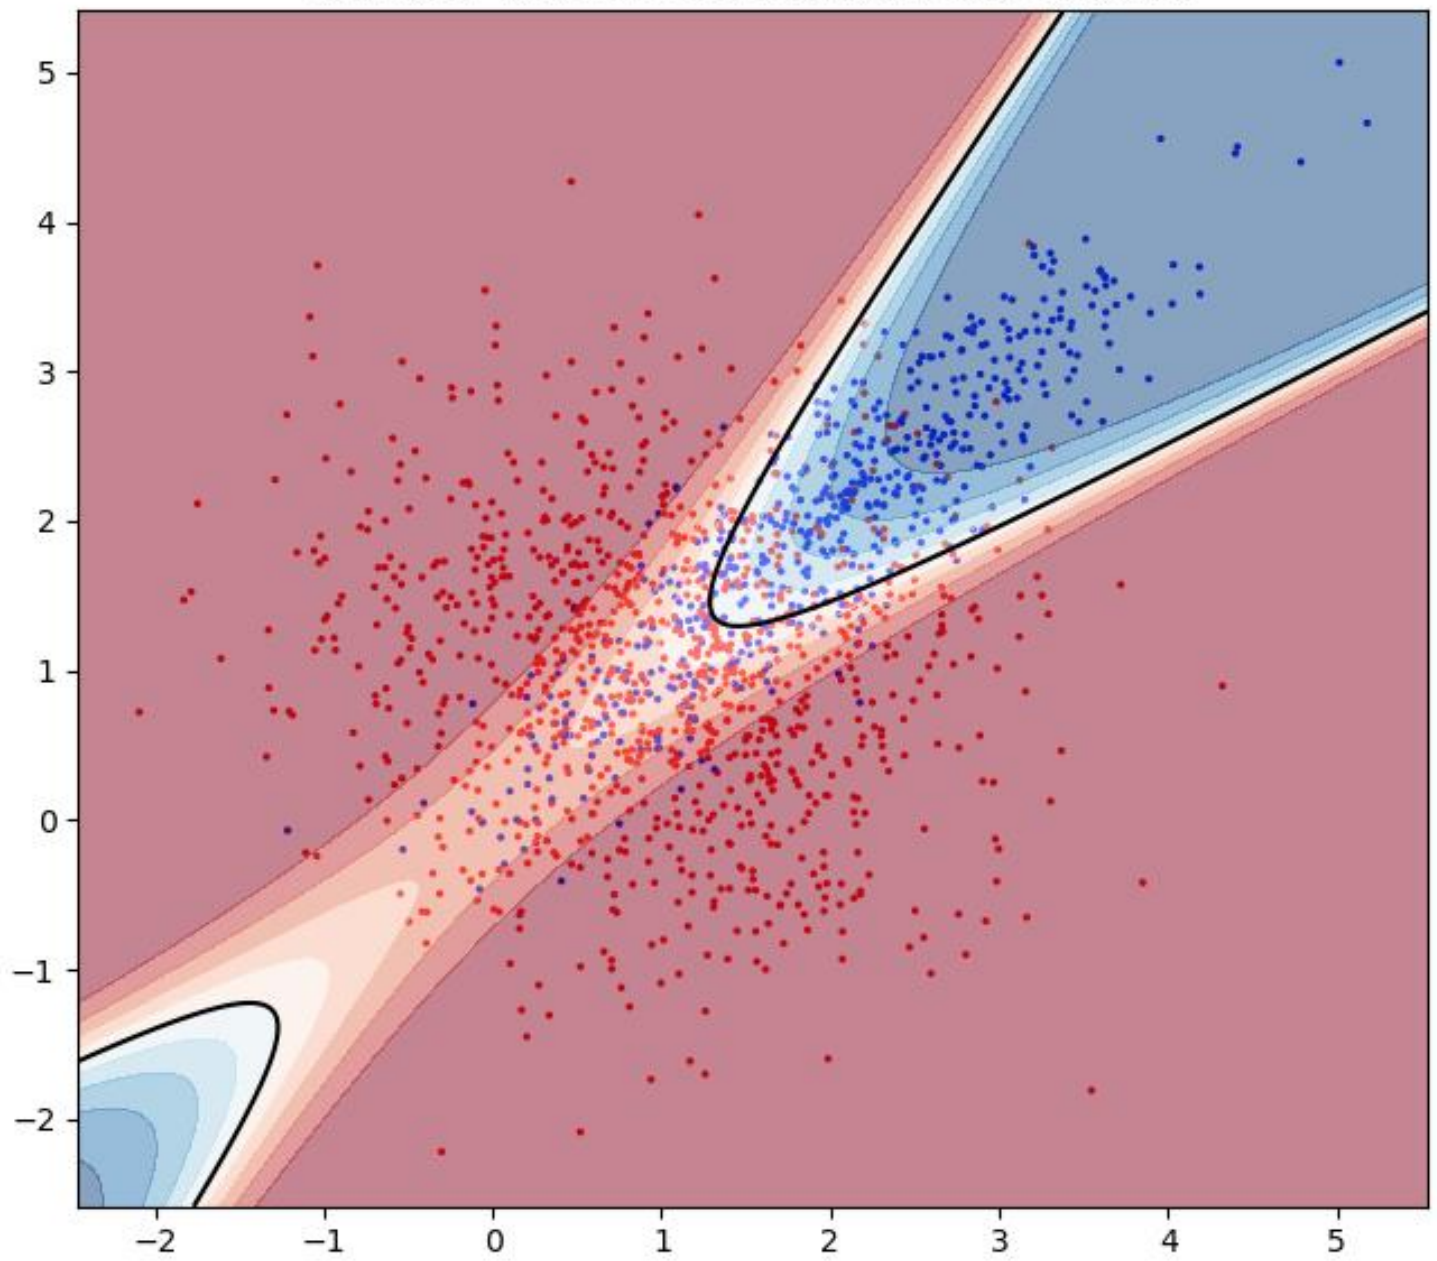

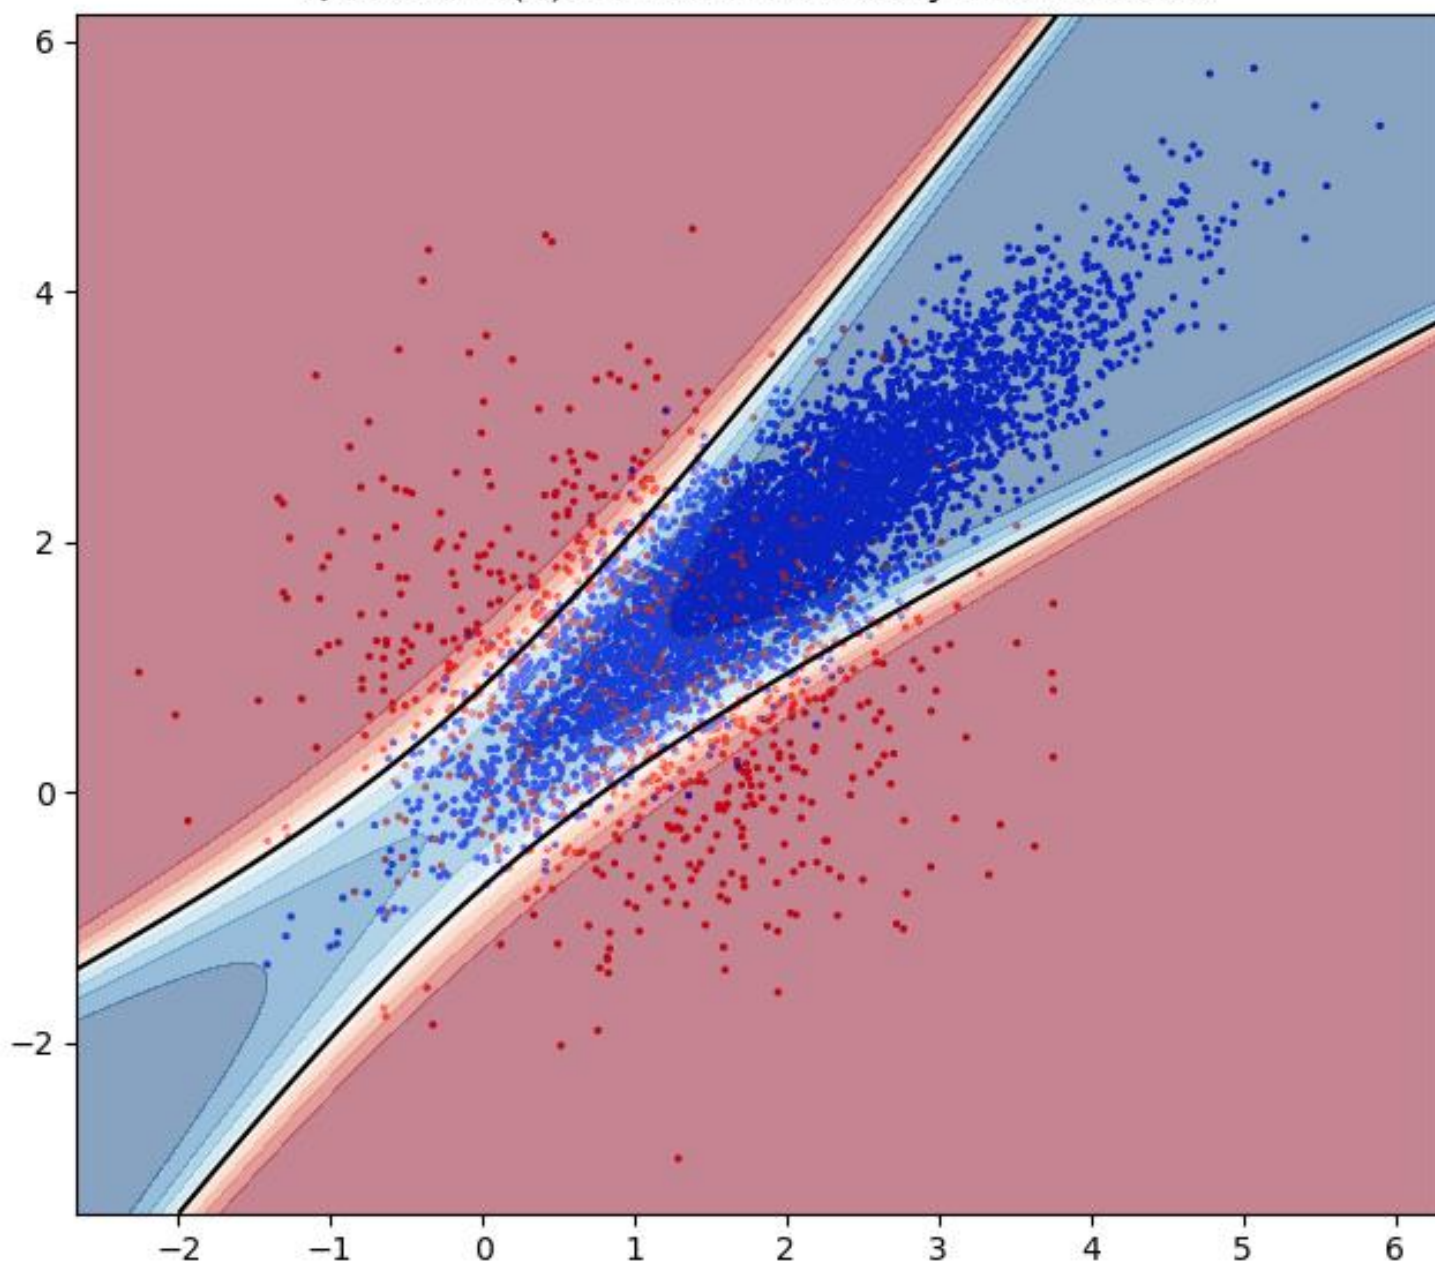

Question 2(e): three contours
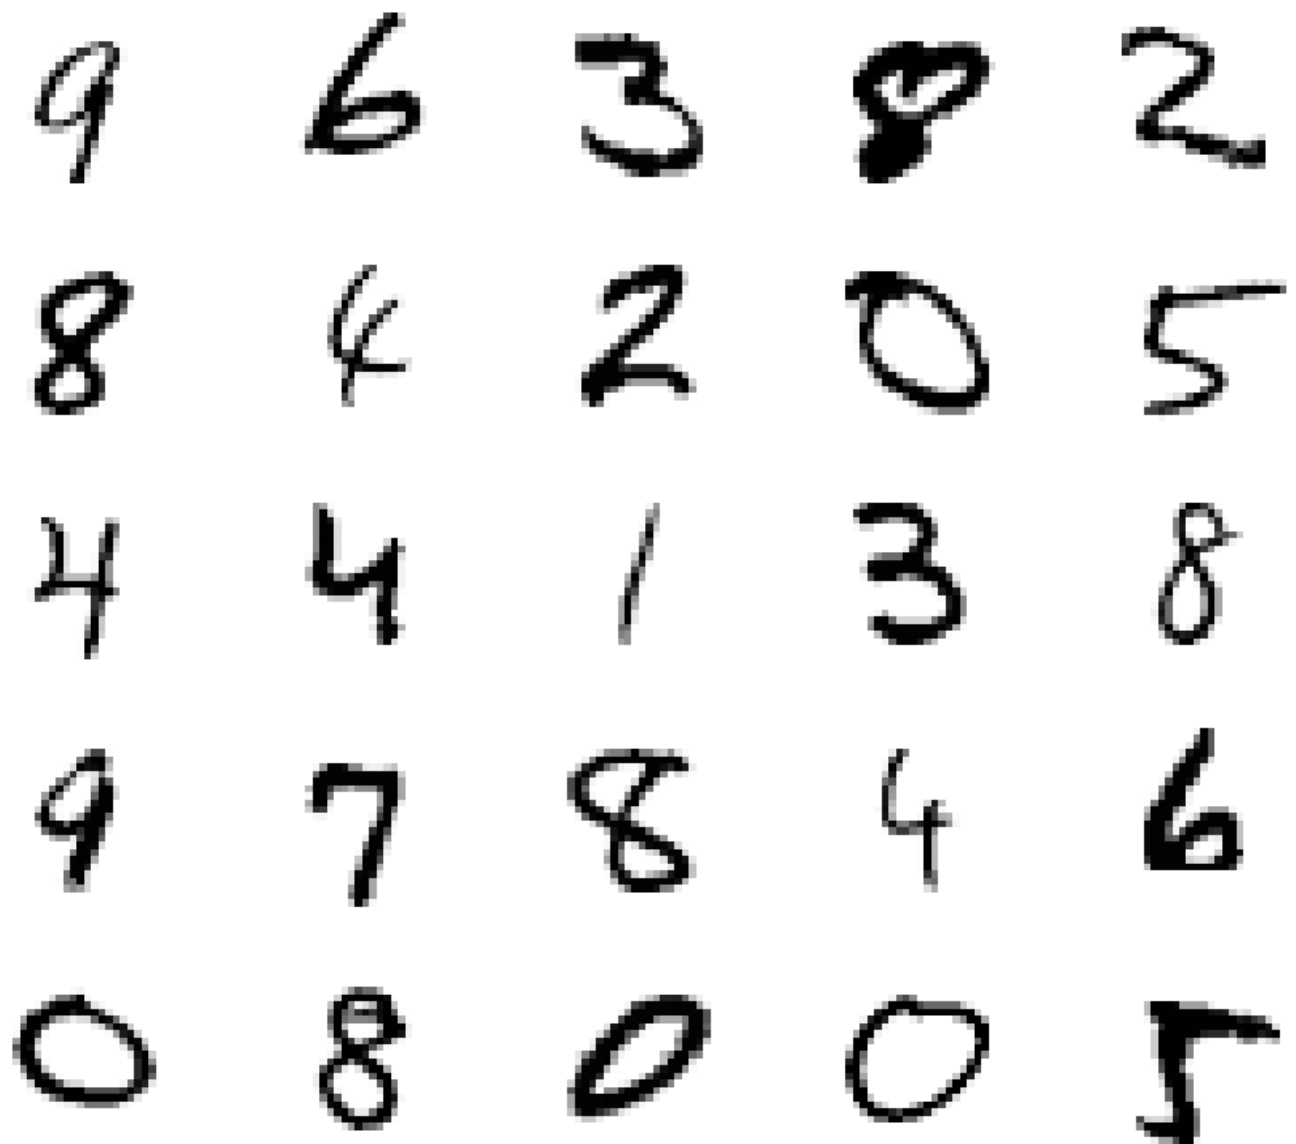

Question 4(a): Decision boundary and contours

Question 4(c): Decision boundary and contours

Question 4(d): Decision boundary and contours

Question 5(a): 25 random MNIST images.

Question 5(d): 25 random MNIST images after adding Gaussian noise.

Question 5(g): means for each digit class.
